Webpage

Aim:

To create a webpage.

Program code:

```
<!DOCTYPE html>
<html>
<head>
      <title>Nail Salon</title>
      <link rel="icon" href="C:\Users\Harsha\OneDrive\Desktop\23CSE113\1.
Nail Salon\nail-salon-icon.jpg">
</head>
<body>
<style>
      .image{
      position: relative;
      }
      .text{
      text-align: center;
      position: absolute;
      top: 20%;
      bottom: 80%;
      left: 10%;
      font-size: 30px;
```

```css
        font-family: verdana;
        }
        h2{
        display: inline;
        margin-right: 10px;
        }
        ul{
        display: inline;
        margin-left:35%;
        }
        nav{
        display: inline;
        }
        li{
        display: inline;
        padding: 20px;
        }
        h1{
        text-align: center;
        }
</style>
<div>
<h2>Nail salon landing page</h2>
<nav>
<ul>
```

```html
        <li>Landing</li>
        <li>Home</li>
        <li>Gallery</li>
        <li>Shop</li>
        <li>About</li>
        <li>Contact</li>
        <li>Blog</li>
</ul>
</nav>
</div>
<hr>
<div class="image">
    <img src="C:\Users\Harsha\OneDrive\Desktop\23CSE113\1. Nail Salon\background image .jpg" style="width:100%;">
        <div class="text">
        <h1>Nail Salon</h1>
        <p>Nothing oozes more confidence than a pair of well-manicured hands.</p>
        <p>Manicures and martinis are some of the simple pleasures of life.</p>
        </div>
</div>
</body>
</html>
```

Output:

Nail Salon

Nothing oozes more confidence than a pair of well-manicured hands.

Manicures and martinis are some of the simple pleasures of life.
